  - Developed responsive and user-friendly websites tailored to client requirements
  - Implemented modern web technologies including HTML5, CSS3, JavaScript, and frameworks like Laravel and React
  - Applied object-oriented programming principles to create maintainable and scalable code
  - Designed and integrated RESTful APIs for enhanced functionality
  - Collaborated with clients to transform design concepts into functional websites
- **Intern - SoftNEP Private Limited** *January 2025 - May 2025*
  - Completed a comprehensive internship program in Software Engineering
  - Gained valuable insights into professional workflow and development methodologies
  - Participated in 1-2 real-world projects, contributing to both frontend and backend development

- Learned industry best practices about trainee phase which includes version control and collaborative coding
- Worked with experienced developers to understand professional software development processes

## PROJECTS

---

### ABI Trade Link Pvt Ltd - E-commerce Application

 [GitHub](#)

- Developed a fully responsive and functional e-commerce application using Laravel 11
- Implemented key features such as product browsing, categorization, and management
- Leveraged REST APIs and Object-Oriented Programming principles for clean, maintainable code
- Designed the platform with scalability in mind to accommodate future business needs

### Personal Portfolio Website

 [GitHub](#)

- Created a dynamic portfolio website using HTML, CSS, and JavaScript
- Implemented responsive design principles for optimal viewing across various devices
- Designed modern UI elements and smooth navigation for user engagement
- Showcased projects and skills in an organized, user-friendly interface

### Bus Ticketing System

 [GitHub](#)

- Developed a comprehensive Bus Ticketing System with two main components: Bus Owner Counter and User Interface
- Implemented features for real-time bus availability checks and online reservations
- Created secure ticket booking system with user authentication
- Built efficient management tools for bus owners to manage schedules and seat availability

### E-commerce Site with React and Next.js

 [GitHub](#)

- Built an e-commerce platform using React and Next.js with modern UI/UX principles
- Implemented product listings, shopping cart functionality, and user authentication
- Utilized MongoDB for efficient data management and storage
- Integrated Cloudflare for improved performance and security

## ACHIEVEMENTS & ACTIVITIES

---

- Social Media Manager at Leo Club
- Developer for projects

## SOFT SKILLS

---

- Strong problem-solving abilities
- Effective team collaboration
- Quick learner with good listening skills
- Adaptable to dynamic environments
- Time management
- Self-motivation

## LANGUAGES

---

- **Nepali:** Native proficiency
- **English:** Good working proficiency
- **Hindi:** Good working proficiency
